Dear Parents,

Reading is the basis of all academic subjects. We want to give your children a creative head start so that they will enjoy learning. We plan to use the books *Fun Family Phonics* that teaches the lower case letters, *Fun Family Phonics Upper Case Letters* and *Fun Family Rhymes* that teaches building three letter words. All three books are about “Detective Dave Fun” who is the oldest boy in the Fun Family. A CD of sing along songs for the two first books is included inside the back covers. You will find that having these books with the CDs at home will make a **huge** difference to your child’s enjoyment of school and of learning. Put the CDs on in the car while you are traveling!

The rest of the materials that we shall be using in class are also listed. Choose the ones that you think would appeal to your child. Your teacher has a brochure describing them.

Please complete the form below and return it to your teacher in an envelope with your payment by:

_____ (date)
